10. COMMITTEE REPORTS

a. Curriculum Committee

The Curriculum Committee met and reviewed a recommendation for honorary degree recipients for the 2024 Commencement Ceremony. This recommendation came from an internal committee consisting of six staff and two faculty members. They have recommended both Pier and Renee Borra as recipients for this year’s honorary degrees.

Per Board Policy 116 – Awarding Honorary Degrees, we would like to recommend Renee and Pier Borra for consideration on account of their outstanding contributions to our college and community.

Trustee Shirilla moved and Trustee Pretty supported that Pier Borra and Renee Borra be awarded Honorary Degrees of Educational and Community Service at the Commencement Exercises to be held May 3, 2024.

b. Finance & Facilities Committee

Trustee Fought shared that the Finance & Facilities Committee met a week ago. They reviewed the financial statements through February of this year. They also discussed the funding for the CATEE Project.

Trustee Fought provided the following background:

In order to enhance educational opportunities at North Central and to respond to educational needs of the area, the College has decided to expand its course offerings, especially in the health care, technology and the trades to bring the educational offerings of the College up to those required by area employers. In order to accomplish this objective, it will be necessary to update and expand health care and technology classrooms and labs.

The plan is to add two new classrooms for health care and to renovate some of the current health care facilities. It also involves razing the current tech building and replacing it with one that meets current educational needs.

This program to make these changes is referred to as the Career & Technical Education Enhancement Program, or CATEE for short. The estimated cost of this Program is \$19.9 million. We currently have total funds available of \$13.4 million including federal and State grants totaling \$12.4 million and \$1.0 million from the College. In order to proceed with the project additional funding, it will be necessary to issue Community College Building and Site Bonds in the amount of \$6.5 million.

In order for the College to issue such bonds, it is necessary for the board to approve the bond issue. Bond council has been retained and has advised that a bond issue of 15 years with the payment of just interest thru 2030 and then the amortization of bond principal over a nine-year period ending in 2039. The reason for the delay in the amortization of bond principal is to manage cash flow during the renovation / construction period and permit pay off the bonds the College currently has outstanding. Bond council projects that the interest on the new bonds will be in the vicinity of 4.55%, with the actual interest rate determined upon sale of the bonds.

Trustee Fought moved and Trustee Shirilla supported that the College issue Community College Building and Site Bonds in the aggregate amount of \$6.5 million dollars with a maturity date during 2039 and an interest rate to be determined upon sale of the bonds.
